

**READY TO  
START**

## ACE SERVICE PROVIDER INFORMATION (SURFSARA)

As an ACE program participant, you have access to our network of service providers. At any stage during the Incubation Program and up to two years after the starting date of your contract with ACE Incubator, you have the opportunity to benefit from their services. All services are offered at partially free and/or reduced prices. Our service providers offer financial, tax and legal advice, grant support and more. Find details below.

### ABOUT SURFsara

SURFsara creates a bridge between research, innovation and advanced ICT. We do so with a passion for scientific research in our DNA and with extensive expertise contained in our high-performance infrastructure. This enables us to facilitate scientific research, innovations and develop initiatives for the business community.

### EXPERTISE

SURFsara supports start-up-, scale up- and public private initiatives with:

- High Performance Computing (HPC)
- Sharing data between research and business (Identity & access management; security; governance; legal aspects)
- Storage, HPC cloud and compute solutions

Within the SURF Open Innovation Lab (SOIL) we support experimenting with latest ICT technologies like distributed big data platforms, Deep Learning, Internet of Things.

### HOW IT WORKS

SURFsara allows companies access to world-class High Performance Computing resources and services. SURFsara invites (applications from) SMEs with an interesting idea that would benefit from high performance computing (HPC) for increasing their competitiveness. For terms and conditions please contact the community manager public private initiatives of SURFsara.
