

INCUBATION PROGRAM

Are you a student, researcher or recent graduate with an inspiring startup idea? Our incubation program helps you develop your tech or science idea into a successful company. We cover all stages of starting a business and help you boost your entrepreneurial skills. Once you are accepted into the program, we guarantee two years of support. Amsterdam Center for Entrepreneurship (ACE) is the university incubator of UvA, VU, HvA and Amsterdam UMC.

WE OFFER

- An online incubation program of 9 weeks;
- Knowledge of how to run a successful company;
- Access to mentor, corporate and service provider networks;
- Individual mentoring sessions with seasoned entrepreneurs and business experts;
- A vibrant community of passionate founders from more than 130 companies .

FOR WHOM

- You are working on an innovative science or tech-based idea;
- MSc or PhD students, researchers, technology professionals or alumni of any Dutch university;
- International applications are also welcome;
- You have a passionate and ambitious team;
- You are willing to set up your business in the Amsterdam region;
- You have potential for growth and ambition to scale up internationally.

FACTS

DATES

May 11th, 2020

LOCATION

Due to COVID-19 our Spring program will take place online.

COSTS

Success Fee Model:

We believe in empowering entrepreneurs, therefore we don't take equity. When selected into our incubation program, you do commit to pay 2% of your revenue for the period of 5 years, only when and if you hit a yearly revenue of 250K euros or more.
